### SECTION 3.7 SUBMISSION OF THE FINAL PLAT:

- A. GENERAL: The Final Plat shall only be submitted after the Preliminary Plat has been approved or conditionally approved. The Final Plat shall conform to the approved or conditionally approved Preliminary Plat and shall include all changes, additions, deletions, or approvals as may be required on conditional approval by the Planning Commission, and shall be prepared in accordance with ARTICLE V and other applicable sections of these regulations.
- B. PREPARATION: The subdivider may cause, within twenty-four (24) consecutive calendar months after the approval or conditional approval of the Preliminary Plat, the subdivision, or any part thereof, to be surveyed and a final plate thereof to be prepared. The Final Plat shall contain only that portion of the approved or conditionally approved Preliminary Plat which the subdivider wishes to have approved, recorded, and developed at that time. Final Plats which are a portion of the approved or conditionally approved Preliminary Plat shall be named and listed as "Filing No. (assigned by Planning Commission's duly authorized representative) of (Name of Subdivision)". Final Plats which are resubdivisions of approved and recorded Final Plats shall be labeled as "RESUBDIVISION OF (Appropriate Listing Title)". The subdivider shall insure that the Final Plat is prepared under the supervision of a registered land surveyor.
- C. FILING: The subdivider shall submit to the Planning Commission's duly authorized representative, twelve (12) copies of the Final Plat drawings prepared in accordance with ARTICLE V of these regulations. At the time, the following material shall also be filed with the Planning Commission's duly authorized representative, unless otherwise noted:
1. Application for Final Plat approval: An application (provided by the Planning Commission) shall be submitted (APPENDIX G). At the time of submission, the Planning Commission's duly authorized representative, shall indicate, on the application, the date of submission and signature of the Planning Commission's duly authorized representative.
  2. Traverse sheets: Three (3) copies of the traverse calculations. The minimum traverse calculations required shall include a closed traverse of the subdivision boundaries (as per SECTION 5.0, B).
  3. Improvement Drawings and Specifications: Improvement drawings and specifications will be required, if not submitted previously for processing, as per SECTION 3.5 AND 3.6.
    - a. Three (3) copies of the Sanitary Sewerage & Storm Systems Plans and Profiles (as per SECTION 7.1 & 7.2).
    - b. Three (3) copies of the Water System Plans (as per SECTION 7.3).
    - c. Three (3) copies of the Street Plans and Profiles, including typical cross sections (as per SECTION 7.4).
  4. Drainage Plans Including Computations and Plans for Control of Erosion and Sedimentation: This report will be required, if not submitted previously for processing, as per SECTIONS 3.4 and 3.5.
    - a. Three (3) copies of the Drainage Report, including computations (as per SECTION 7.0).
    - b. Three (3) copies of plans for control of erosion and sedimentation (as per SECTION 7.13).

5. As-Built Improvement Drawings: Where the improvement drawings and specifications were previously submitted and approved prior to the submission of the Final Plat, as per SECTIONS 3.5 and 3.6, and where improvements were constructed differently from the originally approved improvement drawing, the subdivider shall submit three (3) copies of the As-Built Improvement Drawings for the sanitary sewerage and storm system and water system.
6. Final Plat Fees: Final Plate fees shall be submitted in accordance with SECTION 8.1.
7. Guarantee: A guarantee (if applicable) per SECTION 7.18 of these regulations.

**SECTION 3.8 PROCESSING OF THE FINAL PLATE AND WHERE APPLICABLE, THE IMPROVEMENT DRAWINGS AND SPECIFICATIONS:**

The Planning Commission's duly authorized representative, shall check the Final Plate as to conformity with the approved, or conditionally approved, Preliminary Plate and all other pertinent aspects as required in ARTICLE VI and other applicable sections of these regulations. Following review, the Planning Commission's duly authorized representative shall recommend one (1) of the following actions: (1) approve the Final Plat; (2) cause to revise the Final Plat, subject to conditions; or (3) disapprove the Final Plate, in accord with SECTION 3.9, B. Where applicable, the Planning Commission's duly authorized representative, shall also check the improvement drawings and specification, drainage plans and plans for erosion and sedimentation control, to insure that they are in conformity with the Final Plat and that they meet the requirements as established in ARTICLE VII and other pertinent sections of these regulations. In the event that improvement drawings and specifications were previously submitted and approved, prior to the submission of the Final Plat, and where improvement were constructed differently from the originally approved improvement drawings, the Planning Commission's duly authorized representative, review the as-built drawings (if required as per SECTION 3.7, C., 5.) for the conformity to the Final Plat. Where improvements were constructed in accord with the originally approved improvement drawings, the subdivider's engineer shall certify, in writing to the Planning Commission that the improvements have been constructed and tested, where applicable, in accordance with the approved improvement drawings including any condition(s) added by the Planning Commission's duly authorized representative.

**SECTION 3.9 PLANNING COMMISSION ACTION:** Following the review of the Final Plat and, when applicable, the improvement drawing and specification, as per SECTION 3.8, the Planning commission shall take one (1) of the following final actions:

- A. FINAL APPROVAL – final approval of the plat shall be given in on (1) of two (2) ways:
  1. After construction of improvements: after the subdivider has obtained approval or conditional approval of the improvement drawings and plans, as indicated in SECTION 3.6 and has installed all required improvements in compliance with these regulations, final inspections have been performed and certified in accord with SECTION 7.15 and record copies of as-built drawings have been submitted (if such improvements were constructed differently than the originally approved improvement drawings), the Planning Commission shall then give Final Approval. The original drawing of the Final Plat shall then be signed and dated by the Chairperson of the Planning Commission.
  2. Before construction of improvements: The Planning Commission may give Limited Approval for the purpose of allowing the plat to be recorded before all required improvements are installed or completed, provided that a construction agreement and a guarantee (security bond) is submitted with the plat for the purpose of assuring installation and completion of such improvements. The amount of the guarantee (security bond) shall be based on an estimate made by the subdivider and approved by the Planning Commission's duly authorized representative (see SECTION 7.18). The original drawing of the Final Plat shall then be signed and dated by the Chairperson of

the Planning Commission indicating that the Final Plat has received such Limited Approval, that there is a construction agreement and guarantee, and the amount of the bond. Upon determination that all requirements of these regulations have been met and only when all improvements are completed and installed and certified as such by the Planning Commission's duly authorized representative, shall the Planning Commission give a totally effective Final Approval. The original drawing of the Final Plat shall then be signed and dated by the Chairperson of the Planning Commission indicating such Final Approval. The guarantee (security bond) shall be returned to the subdivider only after all improvements are installed, completed, and certified as such by the Planning Commission's duly authorized representative, Final Plat approval has been issued by the Planning Commission, and after as-built drawings have been provided to the Planning Commission, according to these regulations.

- B. Where construction and installation of utilities and other improvements which are not under the control and responsibility of the subdivider under these regulations are not complete when the Final Plat is offered for approval, the following shall apply:
1. A construction agreement and a guarantee (security bond) shall be submitted with the Final Plat for the purpose of assuring that any damage to the public rights-of-way and/or improvements therein caused by installation of the utilities will be repaired and/or restored. The amount of the guarantee (security bond) shall be based upon an estimate made by the subdivider and approved by the Planning Commission's duly authorized representative (See SECTION 7.18).
  2. Final Approval of the Final Plat pursuant to KRS 100.277(4), and release of the construction guarantee and security, shall not occur until installation of utilities and other improvements which are not under the control and responsibility of the subdivider under these regulations shall have been completed, and the public rights-of-way and easements and improvements thereon have been repaired, replaced, restored and/or completed and are certified by the Planning Commission's duly authorized representative that such are in full compliance with these regulations; the forty-five (45) days set forth in KRS 100.277(4) shall then begin to run.
- C. A subdivision may receive Final Plat Approval if required sidewalks have not been installed. However, it shall be the subdivider's continuing responsibility to insure that such sidewalks are ultimately installed (See SECTION 3.12).
- D. **DISAPPROVAL:** Should the Planning Commission decide to disapprove the Final Plat, written notice of such action, including the reasons for disapproval shall be made to the subdivider by the Planning Commission's duly authorized representative. The action shall be entered on the official records of the Planning Commission and the Commission's duly authorized representative.

**SECTION 3.10 EFFECT OF APPROVAL:** After the Final Plat has been approved by the Planning Commission or the Planning Commission's duly authorized representative, and signed by the Chairperson of the Planning Commission, it shall be recorded as specified in SECTION 3.12 of these regulations. Final plat certification by the Planning Commission shall not occur until all lots created by the subdivision are appropriately marked in accordance with SECTION 7.11 of these regulations.

**SECTION 3.11 DISPOSITION OF APPROVED FINAL PLAT:** After approval of the Final Plat by the Planning Commission, the subdivider's land surveyor shall submit six (6) copies of the Final Plat for disposition and one (1) reproducible Mylar copy to the Planning Commission's duly authorized representative for record purposes.

**SECTION 3.12 RECORDING:** After approval of the Final Plat, the original drawing of the approved Final Plat shall be filed in the Campbell County Clerk's office, after which lots may be sold, leased or

transferred. A certificate of occupancy, however, may not be issued until all required improvements have been installed and completed. In the case where sidewalk improvements have not been completed, a conditional certificate of occupancy shall be given, provided either a guarantee (bond) is executed as per SECTION 7.18, A of these regulations, or a time period for completion is established, by contract with the City of Alexandria or fiscal court not to exceed six (6) months, signed by the developer, builder, and owner of the premises for which the improvements will serve.
